# INSTALLATION

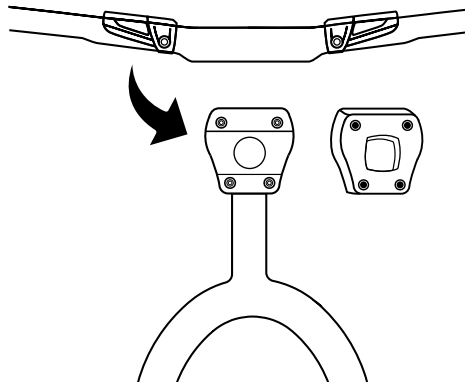

## 1 REMOVE THE HANDLEBAR FROM THE EXISTING BIKE

1. Make sure that an Allen key set is ready (depending on the bike, sizes 3, 4 and 5 will be needed),
2. Remove the handles,
3. Loosen the brake levers, the gear shifters and the display unit (for electric bicycles),
4. Unscrew the four screws on the stem.

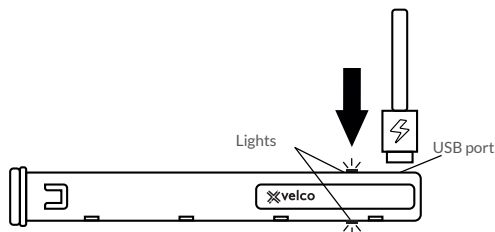

## 2 INSTALL THE WINK BAR

1. Position the Wink Bar on the stem,
2. Tighten the screws on the stem,
3. Replace the gear shifters, the brake levers and the handles.

# FIRST TIME USE

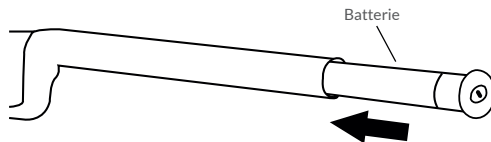

## 3 CHARGE THE BATTERY

1. Get the battery, the charging cable and plug it into a USB port,
2. Two lights turn on when the battery is powered: a red and a green,
3. When the green light goes off, your battery is fully charged.

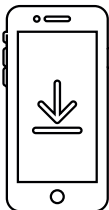

## 4 INSERT THE BATTERY INTO THE HANDLEBAR

1. Take the green key to lock the battery,
2. Slightly unscrew the green cover,
3. Insert the battery fully. Follow the marker to ensure that the battery is properly plugged in,
4. Screw the green cover to tighten the battery to the handlebar.

# MOBILE APP

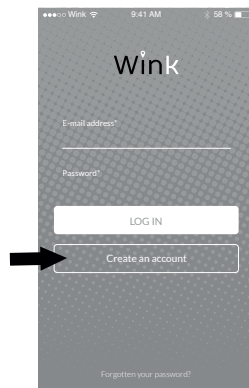

## 5 DOWNLOAD THE APP

1. Download the Wink mobile app on Apple Store or Google Play.

## 6 CREATE A PERSONAL ACCOUNT

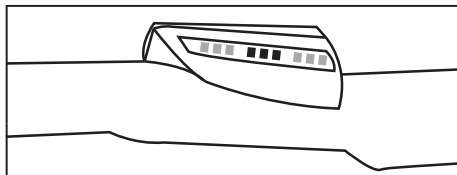

1. After downloading the app, press on 'Create an account',
2. Enter the required personal information and accept the general conditions of use,
3. Select 'Create an account',
4. A confirmation email is sent automatically; click on the validation link to confirm activation of your account,
5. All you have to do now is to follow the instructions on your mobile app.

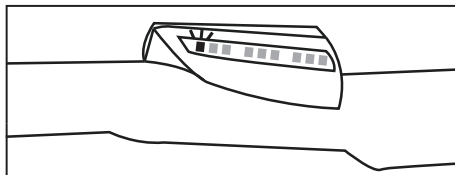

# NAVIGATION

---

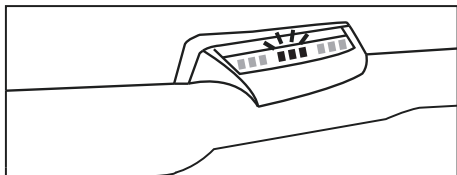

## TURN LEFT SOON

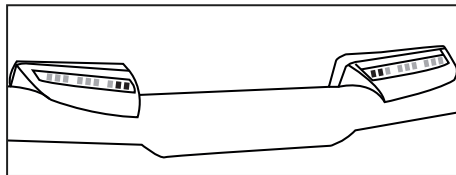

## CALL NOTIFICATION

## TURN RIGHT NOW (FLASHING LIGHT)

## GO STRAIGHT

**FIND THE FULL NAVIGATION TUTORIAL ON THE WINK APP OR WATCH OUR VIDEO TUTORIALS DIRECTLY ON [WWW.VELCO.BIKE/SUPPORT](http://WWW.VELCO.BIKE/SUPPORT) TO KNOW MORE ABOUT THE HANDLEBAR AND THE MOBILE APP**

# DECLARATIONS

---

Wink Bar complies to the following standards and certifications:

CE:

Main indicator of a product's compliance with EU legislation and allows free movement within the European market.

RED:

(European Directive 2014/53/EU1) concerns the placing on the market of radio equipment.

NF EN ISO 15194:

European Standard applies to electric bicycles (EPAC) for private and commercial use.
